

Segway Experience @ Willows NN6 9QA
01536 791371 www.segway-northants.co.uk

The Segway is a very safe machine to use if handled correctly and if the training and safety advice is followed. However, there are inherent risks that could result in death or injury if you do not do so. Whilst the whole aim is for you to have a fun experience, in accordance with our insurance requirements and standard safety procedures, we must ask you to read and sign the following to confirm that you understand the terms and conditions under which you are using our Segway and that you accept the risks involved and will be responsible for your own activities and actions. *Les & Anne Cordes*

Terms & Conditions

- Riding Segways is not suitable for pregnant women or if you have a serious health condition. This includes (but is not restricted to) a heart condition, epilepsy or a medical condition that may be aggravated in the event of a fall. **It is your responsibility** to advise us if you suffer from any such medical condition including one which would make it more likely that you would be involved in any incident which could result in injury to yourself or others.
- You are at least 16 years of age.
- You are within the minimum/maximum weight limits of 100 lbs (7 st) 45 kg to 260 lbs (18.5 st) 117 kg.
- You need to be able to step on and off the Segway unassisted - if you can go up and down steps without help or needing to hold onto a handrail then you will be fine - and you need to be able to lean and be comfortable standing for the duration of the session.
- You need to be dressed appropriately (not long or very baggy clothing) and wear flat, 'sensible', secure closed toe footwear - and you must wear a safety helmet which will be provided.
- You will not be allowed to ride a Segway if we believe you are under the influence of drugs or alcohol.
- The booking period time includes safety advice and initial training and supervised practise.
- We will determine when it is safe for the rider to advance both regarding manoeuvres, speed and freedom to travel around different areas of the site and we reserve the right to stop the session if our instructions are not being followed and we feel our safety procedures are being breached - no refund will be made in these circumstances.
- You will be advised where you may ride the Segway, and you will keep to those areas.
- Segways will work in the rain, but bookings may be subject to postponement/cancellation due to adverse weather at our discretion.
- You will not enter into a race or ride close to other Segways.
- You will not carry anything whilst using the Segway apart from, for example, a lightweight backpack that will not affect balance and that leaves both of your hands free to hold the handlebars.
- As you progress, you will be instructed on how to ride over the differing routes available, but will not be closely supervised - you are required to accept responsibility for your own safety.
- You accept that Les & Anne Cordes will not be liable for any direct or indirect loss, damage or injury arising from or in connection with this activity (except for death or personal injury caused by their negligence).
- In signing these terms you agree to pay the full costs of repairing any damages to our land, property or possessions (or those of other participants) that are directly or indirectly caused by your intended or unintended actions.
